PROFESSIONAL SUMMARY

I am a **Full-Stack Web Developer** with a strong foundation in building robust, scalable, and user-centric web applications. I specialize in the **MERN stack**, **Next.js**, with experience managing both frontend and backend workflows.

EDUCATION

KIET Group of Institutions, Ghaziabad   **Nov 2022 – June 2026**
B.Tech in Electronics and Communication Engineering   *CGPA: 7.53/10*

EXPERIENCE

Technical Internship — Rockwell Automation   **June 2025 – July 2025**
Azure Fundamentals (Microsoft Azure AZ-900)   *Ghaziabad, India*

- Undertook a structured technical internship focused on Microsoft Azure Fundamentals, covering cloud concepts, core Azure services, networking, and storage solutions.
- Collaborated in a team project simulating a real-world enterprise environment, developing a cloud-based solution utilizing Azure services and APIs for application integration and deployment.

TECHNICAL SKILLS

Languages: JavaScript, Java, C
Frameworks & Libraries: React.js, Next.js, Express.js, Node.js
UI / Styling: Tailwind CSS, Material UI, Bootstrap
Databases: MongoDB, PrismaDB, PostgreSQL
Tools & Platforms: Nginx, Redis, WebSockets, Imagekit, Cloudinary

PROJECTS

Feedback (MERN Stack)   **June 2024 – Aug 2024**

- Developed a full-stack feedback platform using **MongoDB**, **Express.js**, **Node.js**, and **React.js**.
- Implemented secure authentication with **RBAC** to manage admin and user permissions.
- Designed responsive dashboards enabling real-time feedback submission, moderation, and analysis.

MediaFit (Next.js & Cloudinary)   **Oct 2024 – Nov 2024**

- Created a SaaS media optimization platform using **Next.js** and **Cloudinary** for video compression and image transformation.
- Enabled users to compress videos and convert images into multiple aspect ratios (**1:1, 16:9, 9:16**) tailored for social platforms.
- Designed a clean, responsive UI and optimized backend workflows for scalability across devices.

E-commerce (Next.js & Stripe)   **Jan 2025 – Feb 2025**

- Built a full-stack ecommerce platform with separate Admin and Customer portals using **Next.js** and **MongoDB**.
- Integrated **Stripe** for secure payments and implemented product, category, and cart management.
- Implemented product/category management, dynamic storefront, and cart functionality with responsive UI.
