My Portfolio

PROFESSIONAL SUMMARY

I am a **Full-Stack Web Developer** with a strong foundation in building robust, scalable, and user-centric web applications. I specialize in the **MERN stack**, **Next.js**, and **WordPress**, with experience managing both frontend and backend workflows. I'm passionate about crafting modern digital solutions that enhance user experience and performance.

EDUCATION

KIET Group of Institutions, Ghaziabad — **Nov 2022 – May 2026**
B.Tech in Electronics and Communication Engineering — *CGPA: 7.5/10*

Kendriya Vidyalaya, Moradabad — **2022**
Senior Secondary (Class XII) - CBSE Board — *Percentage: 67%*

Kendriya Vidyalaya, Moradabad — **2020**
Secondary (Class X) - CBSE Board — *Percentage: 75%*

PROJECTS

Blogwaale (WordPress) — **Nov 2023 – Nov 2024**

- Built a responsive blogging platform using **WordPress** with **Elementor** and **WPBakery** for easy content creation.
- Integrated **Yoast SEO**, security firewalls, caching systems, and analytics tools to improve site ranking, performance, and protection.
- Deployed the site with optimized media assets and responsive UI, achieving fast load speeds and higher engagement.

Feedback (MERN Stack) — **June 2024 – Aug 2024**

- Designed a full-stack feedback platform using **MongoDB**, **Express.js**, **Node.js**, and **React.js**.
- Implemented secure authentication and **RBAC (Role-Based Access Control)** system to manage user roles and permissions across admin and regular users.
- Built dynamic dashboards for submitting, moderating, and analyzing feedback using responsive UI components.

MediaFit (Next.js & Cloudinary) — **Oct 2024 – Nov 2024**

- Built a SaaS media optimization platform using **Next.js** and integrated **Cloudinary** for media transformations.
- Enabled users to compress videos and convert images into multiple aspect ratios (1:1, 16:9, 9:16) tailored for social platforms.
- Designed a clean, responsive UI and optimized backend workflows for scalable multi-device performance.

E-commerce (Next.js & Stripe) — **Jan 2025 – Feb 2025**

- Developed a full-stack ecommerce platform with separate Admin and Customer interfaces using **Next.js**, **MongoDB**, and **Tailwind CSS**.
- Integrated **Stripe** for secure checkout and payment processing, including webhooks for order confirmation.
- Implemented product/category management, dynamic storefront, and cart functionality with responsive UI.

TECHNICAL SKILLS
